Pleasure was afforded by the execution of the Misses Reed with Mendelssohn's "Pavane" and "List's" "Gypsy Rhapsody," arranged for two pianos.

A WOMAN'S HAIR AND THE STORY IT TELLS

Somewhere has said that a woman's teeth are milestones indicating her age, but a far more important feature indicative of years is the hair. Many a woman has kept her youthful appearance long past middle life because of proper care of the hair, and in this care the first considerations are absolute cleanliness and a choice of the right shampoo. It is not advisable to use a cleanser made for all purposes, but rather always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of Camthor from your druggist. Dissolve a teaspoonful in a cup of hot water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much better than it is. Its health and softness will also delight you, while the stimulated scalp gains the health which insures hair growth. Ad.
